VINCENT CARL
JOSEPH P. DELSANTER
RONALD E. FALCONI
PATRICK MCNAMARA
CHARLES J. RICCO
GARY WERNER

Date of Opinion,

Members of City Council and
Citizens of Brunswick:

We are pleased to submit the City of Brunswick's 2008 Comprehensive Annual Financial Report. This report enables the City to comply with Ohio Administrative Code Section 117-2-03 (B), which requires reporting on a GAAP (Generally Accepted Accounting Principles) basis, and Ohio Revised Code Section 117.38 which requires the cities reporting on a GAAP basis to file an annual report with the Auditor of State within 150 days of fiscal year end.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed the anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

State statutes require the City of Brunswick (the City) to be subjected to an annual examination by the Auditor of State. Either the Auditor of State of Ohio or, if the Auditor permits, an independent public accounting firm conducts these audits. Brunswick City Council selected James G. Zupka, CPA to perform these services for the year ended December 31, 2008. The Independent Accountants' Report on the basic financial statements is included in the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

The City of Brunswick is located in north-central Ohio, within the boundaries of Medina County, and is 12.7 square miles in area. The City is fortunate to have I-71 as a major artery running north and south through its eastern half with an intersection at State Route 303. Additionally, the City is only 26 miles from Cleveland and only 12 miles from Cleveland Hopkins International Airport.

With the adoption of the Charter in 1975, the City changed from a part-time Mayor-Council form of government to a part-time Council and full-time City Manager form of government.

The City elects a part-time Mayor whose responsibilities include ceremonial and judicial functions. Council consists of seven elected members who engage a City Manager as the chief administrative officer of the City. The City Manager is responsible for hiring directors for: Law, Finance, Public Service, Parks & Recreation and Community Development. The City Manager also is responsible for hiring other department/division heads such as: Clerk of Courts, Cable Facilitator, Information Technology & Security Officer, Economic Development Manager and an Administrative Services Coordinator.

4095 CENTER ROAD - BRUNSWICK, OHIO 44212

CITY HALL PHONE: (330) 225-9144 - FAX: (330) 273-8023 - POLICE & FIRE PHONE: (330) 225-9111 - FAX: (330) 225-6002

<http://www.brunswick.oh.us>

The City provides full-time police and fire protection, emergency medical services, full-time street maintenance, full-time park improvement and maintenance, a fixed route transit service, and refuse billing as well as general administration services for all of its stakeholders. Water and sanitary sewer services are provided by the Cleveland Water Department and Medina County Sanitary Sewer Department, respectively. The private sector provides other major utilities for the City.

Brunswick operates a Mayor's Court under the provisions of the Ohio Revised Code. The court hears all traffic and first to fourth degree misdemeanor charges. In the case of a "not guilty" plea, the cases are transferred to the Municipal Court in the City of Medina.

The City is very proud of its 300 plus acres of land set aside for our 19 parks and open, natural spaces. Included in this land are four community parks, eight neighborhood parks, one dog park, a skate park and additional open spaces. New to the community in April 2009 is the Susan L. Hambley Nature Center constructed on the peninsula property at Brunswick Town Center. The Nature Center is a 1,536 square foot log cabin facility that houses many animals that reside in the Brunswick Area. The City is extremely excited to bring this type of natural education to the Residents of Brunswick. Additionally, the City's four community parks are intended to serve the needs of the entire public without concentration on location. What's more, to ensure that the entire public has a park available, the City offers eight neighborhood parks intended to focus on the needs of specific neighborhoods, generally within one mile. Finally, the City currently has five "open space" parks that are undeveloped by design to offer a natural park without any constructed park apparatuses. These parks also exist in order to protect specific areas from future construction, such as wetlands.

The City of Brunswick also operates a Community Recreation and Fitness Center serving residents as a fitness center, community event center, recreational program center, senior citizen center, and social center for public use. The Community Recreation Center offers a full range of recreational and social activities for people of all ages and abilities. The current (resident) membership is 7,372. Members have full use of the facility for open recreation and fitness opportunities. Membership is not required to enroll in programs or attend meetings and social events. The Recreation and Fitness Center offers a Community Concert Series hosting concerts and plays for people of all ages as well as a variety of community wide programs at no additional charge to the residents. These events include a Senior Fair, Community Health Fair and Family Fun Day as well as many various speakers of interest throughout the year.

Local Economy

Brunswick's local economy continues to remain resilient in spite of the rising fuel, utility and food prices. According to the Ohio Department of Employment, the City's unemployment rate continues to move similarly to that of the Cleveland area and State rates. The City of Brunswick's unemployment rate increased to 5.8 percent over the 2007 rate of 5.2 percent. This increase was similar to the entire Cleveland area which saw their rate increase to 6.5 percent in 2008 from 6.0 percent in 2007. Brunswick's unemployment rate continues to stay below both the Cleveland area and State of Ohio rate. Even with the increase in unemployment in 2008, the City's income tax collections from individuals increased by 1.6 percent which equated to approximately \$68,000 in additional revenue. This income tax revenue increase is attributed to increasing wages earned by those who are employed. Additionally, according to the Medina County Auditor, the collection rate for property taxes is approximately 88 percent for current tax collections and above 90 percent for total tax collections. In analyzing property tax collections, the 2008 current property tax collections increased by \$189,890 or 9 percent due to the increased valuation resulting from the County Auditor's reappraisals in 2007. However, the accumulated outstanding delinquencies in terms of dollars and percentages also increased in 2008 by \$16,850 and 28 percent, respectively. Please see the statistical section of this report for further detailed information. The

City will continue to monitor these amounts to try and determine the impact, if any, of the mortgage / foreclosure economic issues.

Looking at income tax revenue from local businesses; the revenue grew by 10.5 percent and 5.8 percent in 2006 and 2007. For 2008, revenues shrank slightly by 0.8 percent or \$39,772. Still, the average growth over the past three years of 5.2 percent continues to provide the City with increased revenues to help offset the rising cost of providing services. Further, the top ten businesses in terms of income tax collections grew by 0.3 percent in 2008 and 5.2 percent in 2007. Brunswick continues to be fortunate to have a diverse business tax base that is not reliant on one business or one business sector. Instead, the Brunswick business tax base is made up of many small to medium size companies that have a wide range of products and services. The continued healthy growth in income tax revenue over the past four years is attributed to this diversified and growing tax base.

The following graph illustrates a positive trend in the City's tax receipts from 2004 through 2008. Since 2004, the revenue amounts have increased 12 percent. This increase is attributed to positive economic conditions, expanded business taxes, and creative collection efforts conducted by the City over the past two years.

Income Tax Revenue Graph

The City's income tax base is made up of an even mix between business taxes and residential taxes. The biggest contributing group for income tax collections was business withholdings at 48.27 percent. This is important since it marks the third straight year where the withholding percentage was greater than the residential percentage. This is attributed to the emphasis on economic development growth and the City's expanding tax base. The remaining portions of the City income tax revenue is made up of residential taxes at 46.48 percent and business net-profit taxes at 5.25 percent.

Long-Term Financial Planning

The City of Brunswick has incorporated a five-year forecast with our annual budgeting procedures. The intention of the five-year forecast is to recognize financial trends in time to make informed financial decisions moving forward. The City has recognized a need to re-evaluate our revenue structure as a result of anticipated, continued fund balance depletion. In 2007, the City proposed a comprehensive solution to the funding issues that address many areas of the City's budget which would have increased the income tax rate to 2.15 percent. This issue was voted down by the residents of the Community. As a result, City Council revisited the issue in 2008 and elected to narrow the scope of the proposed increase to only address the staffing of the City's safety operations as recommended by an ad hoc committee made up of concerned Brunswick residents and business owners (see Major Initiative section). The City proposed a one-half percent increase to the City's income tax rate on the May 5, 2009 primary ballot to help address the safety staffing issues only. This initiative was approved by the voters and the increased income tax rate will go into effect on January 1, 2010. Based on forecasting models and assumptions, this increased revenue should balance the City's budget over the four year levy term.

The City has issued debt in order to address storm water management, traffic control and fire equipment needs highlighted as follows:

- Brunswick Lake Improvements: In an effort to increase the capacity of storm water that the Brunswick Lake can hold, the City issued debt to dredge the lake. This debt is made up of general obligation and special assessment portions.
- Brunswick Lake Dam Improvements: In conjunction with the lake dredging, the City also issued debt to reconstruct the dam at Brunswick Lake. The new dam allows the City to control the amount of storm water flow out of Brunswick Lake which helps alleviate storm water issues south of the lake. This debt is made up of general obligation and special assessment portions.
- Storm Sewer Improvements: In response to flooding, the City issued general obligation debt that has helped fund all (or a portion) of thirteen storm sewer projects around the City.
- Storm Water Detention Improvements: Similar to the storm sewer debt, the City also issued general obligation debt to improve two detention basins in the City to address storm water ponding in two areas of the City.
- Culvert Replacements: The City has issued general obligation debt to replace two culverts that have deteriorated and are impacting the flow of storm water.
- Traffic Control Improvements: The City continues this six year funding plan to replace all the traffic signals throughout the City in order to improve traffic flow, reduce traffic accidents and install emergency back-up measures to keep the signals operating when power is down. The City anticipates receiving an 80 percent federal grant with the remaining 20 percent being funded through the issuance of debt. City Council has identified the state highway portion of the City's gas tax and motor vehicle license tax revenue to pay the annual debt service which is anticipated to begin in 2012 when the project is completed.
- Fire Equipment: Due to increasing maintenance cost and outdated replacement parts, City Council authorized the issuance of debt to purchase a replacement fire engine in 2008. The engine will replace two pieces of equipment that the Division of Fire has determined were no longer serviceable given their age and deteriorating condition.

In order to maintain and expand the present high level of service, the City continually explores new and creative methods of obtaining additional financial resources and looks to continue to create services through better management of its current resources.

Relevant Financial Policies

Based on Council priorities and legal requirements, the City of Brunswick has an ordinance in place that determines the allocation of net municipal income tax revenues. The current allocation is: 38.40 percent to the General Fund, 28.00 percent to the Fire Levy Special Revenue Fund, 13.40 percent to the Police Levy Special Revenue Fund, 11.50 percent to the Street Maintenance and Repair Special Revenue Fund, 6.35 percent to the Parks Special Revenue Fund, 1.25 percent to the Brunswick Transit Alternative Special Revenue Fund and 1.10 percent to the General Obligation Debt Retirement Fund. The amount distributed to each of these funds is net of the collection expenses incurred by the City's in-house income tax office on a monthly basis.

The City has a policy, based on previous voted property tax levies, that requires the County Auditor to allocate 0.3 mills to help fund the City's police pension expenses and 2.3 mills to the General Fund to fund general operations of the City. In addition, the City also receives 0.65 mills in voted Recreation Center Bond proceeds for the repayment of the outstanding principal and interest on the City's Recreation and Fitness Center building.

The City has an ordinance that sets a park land dedication and/or tax on all developments in the City. The ordinance defines the amount of tax owed by the developer and also stipulates how those funds are to be used. The City has a Park Improvement Fund to account for this activity.

Major Initiatives

In this section, we would like to highlight a group of community volunteers that led the discussion on how to address the City's long term funding issues. In 2008, as a result of the defeated income tax levy proposed in the November 2007 election, the Mayor formed an Ad Hoc Committee. The Committee was made up of a group of approximately eight concerned Brunswick residents and business owners. They set their own objectives and goals in January 2008 and then spent the remainder of the year working towards those goals.

Initially, the committee members wanted to gain a better understanding of the City's budget and operations in order to provide Council with a recommendation to solve the funding issues without affecting the rates of taxation. With that goal in mind, the committee met monthly and toured all of the City facilities, interviewed all the City department heads and chiefs and then spent several months reviewing the entire City budget. Throughout the process a constant dialogue between the committee members and the City administration took place in order to answer all questions and provide all information requested by the committee. In October, the committee prepared their recommendation report and presented it to City Council. The committee achieved all of their goals; however, they came to the realization that the City's tax rate was outdated and needed to be addressed. The income tax portion of their recommendation was approved by Council and was on the May 5, 2009 primary ballot. In addition to the work that they volunteered to do in 2008, the committee members have actively participated in the educational component of the 2009 levy campaign. This group of residents and business owners is a real example of how public involvement in the governmental process can have a tremendous impact on improving a community.

Road Improvement Projects

The Boston Road Improvement Project is planned to upgrade Boston Road to a three lane concrete roadway with curbing, sidewalks and storm sewers. The City has contracted with the Cuyahoga County

Engineer's Office to finalize the project engineering. Right-of-way and construction for Boston Road have been delayed due to various issues with the parties involved such as the City of Strongsville, the City of Brunswick and Northeast Ohio Area-wide Coordinating Agency (NOACA).

North Carpenter Road engineering and right of way acquisitions are now complete. In 2005, the City put the project on hold until the plans could be reviewed and expanded to include a section of the road that was previously left out of the project. Due to this development, the City now anticipates construction on North Carpenter Road to begin sometime in 2011 or 2012. In order to address traffic needs more immediately, City Council has decided to proceed with the intersection improvements at Center Road in 2008. Additionally, due to the condition of the Plum Creek culvert that runs under North Carpenter Road, the City is also proceeding with this part of the project in 2008. Further, the City is utilizing loan proceeds from the Ohio Public Works Commission to improve the section of North Carpenter that was originally omitted from the larger project. These improvements are scheduled to be completed in 2009. The remainder of the North Carpenter Road Improvement project will expand the remaining major intersections along North Carpenter Road, at Grafton Road and at Boston Road, to three lanes. In addition, the construction will include an upgrade to a full concrete roadway, curbs and gutters, storm sewers and sidewalks. The project is currently being funded by the City, Medina County and the Northeast Ohio Area Coordinating Agency.

The City is in the process of updating our I-71 / Rt. 303 beautification program to enhance the aesthetic appearance of this major thoroughfare. The City has hired an engineer consultant firm for the designing of this area. The City will be submitting applications to NOACA requesting federal funds for this project.

The City also budgets and expends funds for its annual road repair and maintenance program. In 2008, the Service Department spent in excess of \$220,000 addressing some of the City's concrete roads in addition to spending \$115,000 on asphalt road improvements.

The City is also in the fourth year of installing handicap accessible ramps throughout the City. This project is being funded by CDBG funds. In 2008, the City installed 23 ramps totaling \$32,000.

The City, in partnership with the City of Strongsville, completed improvements to the Boston Road and Howe Road intersection by constructing a turn lane and installing a traffic signal. The project cost was divided equally between the two communities and has improved traffic flow at a vital intersection that connects the two communities.

City Park and Other Public Area Improvement Projects

In 2007, the City received a state grant in the amount of \$250,000 for the construction of a new Nature Center. The Nature Center is located on the peninsula portion of the Town Center project, tucked in with the natural habitat that fills this undeveloped area. The Center opened in April 2009.

The Historical Farm House reflects an early 1900 facade, and the inside has been restored to its original character. This house now serves as a historical museum for the public and a meeting place for the Brunswick Historical Society. Of the 32 acre historical homestead, only four acres will be the historical site, the remaining 28 acres will be developed for a community park. In 2008, the City continued to develop site plans for this project. Since the grand opening and dedication ceremony held July 4, 2000, the City has accomplished the restoration of the 150 year old barn to historical architecturally correct standards. The barn is used for small receptions and presentations. The City has constructed a parking lot next to the museum for tourists.

The City has completed a Citywide trail system linking parks, schools and other public areas. Several linkages are in place through agreements with developers and City owned properties. The backbone of the plan is a major trail running through the City from the north to the south with plans to connect the area within the City with the east and west. This master plan enables the City to work with developers, homeowner groups and schools to ensure the trail areas are plotted as development occurs.

Awards and Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awards a Certificate of Achievement for Excellence in Financial Reporting to a governmental unit that publishes an easily readable and efficiently organized Comprehensive Annual Financial Report which conforms to program standards. Such a report must satisfy both generally accepted accounting principles and applicable legal requirements.

The Certificate of Achievement is the highest form of recognition in the area of governmental financial reporting and its award represents a significant accomplishment by a government and its management. GFOA awarded a Certificate of Achievement to the City of Brunswick for its CAFR for the year ended December 31, 2007. A copy of this certificate is contained within this report. This is the 25th award the City has received.

A Certificate of Achievement is valid for a period of one year. The City of Brunswick believes the 2008 Comprehensive Annual Financial Report conforms to the Certificate of Achievement Program requirements and standards, and has submitted it to the GFOA for consideration.

The employees of the City of Brunswick are dedicated to serve its citizens. The preparation of a report of this scope depends upon the dedication of many employees, but especially the employees in the Department of Finance who have worked on various parts of this project. The City also appreciates the dedication of Local Government Services for their assistance and guidance in the preparation of this report.

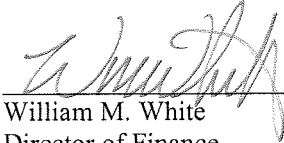

In addition, we would like to thank Brunswick City Council, whose leadership and encouragement made the preparation of this report possible.

We would like to take this opportunity to thank the residents, businesses and taxpayers of the City of Brunswick for entrusting us with the administration of their local government.

Respectfully submitted,

Robert A. Zienkowski
City Manager

INDEPENDENT AUDITOR'S REPORT

The Members of City Council
City of Brunswick, Ohio

The Honorable Mary Taylor
Auditor of State
State of Ohio

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Brunswick, Medina County, Ohio, as of and for the year ended December 31, 2008, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Brunswick, Ohio's management. Our responsibility is to express opinions on these financial statements based on our audit.

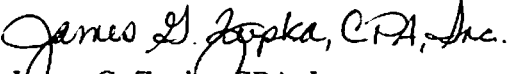

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Brunswick, Ohio, as of December 31, 2008, and the respective changes in financial position, and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund, the Fire Department Fund, and the Street Repair and Maintenance Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 8, 2009, on our consideration of the City of Brunswick, Ohio's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 3 through 13 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Brunswick, Ohio's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

James G. Zupka, CPA, Inc.
Certified Public Accountants

May 8, 2009

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2008
Unaudited

The management's discussion and analysis of the City of Brunswick's financial performance provides an overall review of the City's financial activities for the year ended December 31, 2008. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the transmittal letter and the basic financial statements to enhance their understanding of the City's financial performance.

Financial Highlights

Key financial highlights for 2008 are:

- Total assets decreased by \$4,526,927, a 6.40 percent decrease from 2007.
- Total liabilities decreased \$1,618,412, or 9.22 percent from 2007.
- Total net assets decreased by \$2,908,515 or 5.47 percent from 2007.

Using This Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are prepared and organized so the reader can understand the City of Brunswick as a financial whole or as an entire operating entity. The statements proceed to provide an increasingly detailed look at the City's specific financial condition.

The *Statement of Net Assets* and *Statement of Activities* provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those assets. Major fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short term as well as what dollars remain for future spending. The fund financial statements also look at the City's most significant funds with all other non-major funds presented in total in one column.

Reporting the City of Brunswick as a Whole

Statement of Net Assets and Statement of Activities

While this document contains information about the funds used by the City to provide services to our citizens, the view of the City as a whole looks at all financial transactions and asks the question, "How did the City do financially during 2008?" The *Statement of Net Assets* and the *Statement of Activities* answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting method used by the private sector. The basis of this accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid.

These two statements report the City's net assets and the changes in those assets. The changes in net assets are important because it tells the reader whether, for the City as a whole, the financial position of the City has improved or diminished. However, in evaluating the overall position of the City, non-financial information such as changes in the City's tax base and the condition of the City's capital assets will also need to be evaluated.

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2008
Unaudited

The *Statement of Net Assets* and the *Statement of Activities* are divided into the following categories:

- Assets
- Liabilities
- Net Assets (Assets minus Liabilities)
- Program Revenue and Expenses
- General Revenues
- Net Assets Beginning of Year and Year's End

Reporting the City of Brunswick's Most Significant Funds

Fund Financial Statements

The presentation of the City's major funds begins on page 18. Fund financial reports provide detailed information about the City's major funds based on the restrictions on the use of monies. The City has established many funds which account for the multitude of services, facilities and infrastructure provided to our stakeholders. However, these fund financial statements focus on the City's most significant funds. In the case of the City of Brunswick, the major funds are the general, fire department, street repair and maintenance, special assessment bond retirement, Brunswick Lake construction, storm sewer and refuse.

Government Funds

Most of the City's activities are reported in the governmental funds which focus on how money flows into and out of those funds and the available balances left at year end for spending in future periods. Governmental funds are reported using an accounting method called modified accrual accounting which measures cash and all other financial assets that are expected to be readily converted to cash. The governmental fund statements provide a detailed short-term view of the City's general operations and the basic services it provides. Government fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future on services provided to our residents. The relationship (or differences) between governmental activities (reported in the *Statement of Net Assets* and the *Statement of Activities*) and governmental funds is reconciled in the financial statements.

Proprietary Funds

The proprietary fund (the refuse fund) has historically operated as an enterprise fund using the same basis of accounting as a business-type activity; therefore, these statements will essentially match the information provided in the statements for the City as a whole.

The City as a Whole

The Statement of Net Assets looks at the City as a whole. Table 1 provides a summary of the City's net assets for 2008 compared to 2007.

Table 1
Net Assets

	Governmental Activities		Business-Type Activity		Total	
	2008	2007	2008	2007	2008	2007

<i>Total Net Assets</i>	<u>\$49,659,576</u>	<u>\$52,622,429</u>	<u>\$584,804</u>	<u>\$530,466</u>	<u>\$50,244,380</u>	<u>\$53,152,895</u>

Total assets decreased by \$4,526,927 from 2007 to 2008. The decrease was mainly due to the spending of cash reserves to maintain various City services. During 2008 and through the date of this report, the City has begun to address the spending of cash reserves by reducing non-safety personnel full-time equivalents by 29.5, reducing various other expenses and services and placed a 0.5 percent income tax rate increase, with a corresponding increase of 0.25 percent to the income tax credit rate, on the ballot. On May 5, 2009, the income tax increase passed by the vote of the people.

Total liabilities decreased by \$1,618,412. On May 7, 2008, the City reduced its storm sewer note borrowing by \$1,800,000 as a result of project delays for the Oakleigh, Ashleigh, Briarleigh storm sewer project. On April 13, 2009 the Committee-of-the-Whole voted 7-0 to receive competitive bids for this project. The significant difference between long-term liabilities and current liabilities presented above is mainly due to the City's Brunswick Lake and storm sewer bond anticipation notes being reported as long-term in 2007 and short-term in 2008. Refer to the subsequent event footnote 21.

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2008
Unaudited

Total net assets decreased \$2,908,515 with a decrease in governmental net assets of \$2,962,853 and an increase in the business-type activity of \$54,338. Net assets decreased in the governmental activities mainly due to the spending of some cash reserves to maintain various City services and a significant loss in interest and capital grants and contributions revenue. Net assets increased in the business-type activity due to the reduction of wage and fringe benefit expenses as a result of the retirement of the City's only refuse clerk. An employee previously charged to the City's Finance Department has now assumed the full responsibility of refuse clerk as of January 1, 2009.

Table 2 shows the changes in net assets for the year ended December 31, 2008. Total revenues decreased \$1,427,105 or 6.28 percent. Total expenses increased \$344,748 or 1.44 percent.

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2008
Unaudited

The overall financial strength of the City declined in 2008 as a result of the City spending cash reserves to maintain various City services. The City has begun to address this issue as previously mentioned. In 2008, expenses for existing services were controlled and the larger revenue categories of the City remained relatively constant. The City did experience a significant loss in some of the smaller revenue categories such as interest and capital grants and contribution revenue. For the business-type activity the City had an increase in net assets relating to the reduction of wage and fringe benefit expenses as previously mentioned.

GOVERNMENTAL ACTIVITIES

Several revenue sources fund the City's governmental activities with the City's income tax being the largest contribution by a large margin. On April 8, 1968, the income tax rate of one percent was established by City Ordinance No. 6-68. The Income Tax Ordinance was amended on July 24, 1995 requiring proposed tax rate changes be submitted to the electors of the City for approval or rejection. On November 7, 1995 the electors approved the proposed .35 percent increase for the purpose of expanding the City's safety forces. On January 26, 2009, City Council passed Ordinance No. 4-09 placing a 0.5 percent income tax rate increase, with a corresponding increase of 0.25 percent to the income tax credit rate, on the ballot. This income tax issue is for police and fire operational expenses only and, as previously mentioned, passed by the vote of the people. General revenues from property taxes and local government funds are also significant revenue generators. The City monitors its sources of revenue very closely for any changes or fluctuations.

The City's income tax revenues dropped slightly in 2008 due to a more conservative estimate on the collection of income tax delinquencies from 2007. Prior to 2008, the City enjoyed a steady increase in income tax collections over the past ten years with the exception of a two year period in 2002 and 2003 where income tax revenues remained stable. These increases along with cash reserves allowed the City to continue to provide municipal services to its expanding resident and workforce base. The City continues to be very aggressive in collecting delinquent income taxes and is continuously exploring creative methods of collecting these delinquencies. During 2007 through 2008, the City contracted with a firm to collect delinquent tax accounts in which the City has exhausted all of their collection efforts.

The City is committed to a strong economic development program which correlates into income tax revenues. The number of businesses, being industrial or commercial, large or small, provides the City with an income tax base that can sustain the loss of any major tax paying entity without significantly affecting the financial needs of the City. During 2008, the City income tax revenues were distributed to the following funds by City Council approved Ordinance: General Fund (36.70 percent), Fire Department (29.75 percent), Brunswick Transit Authority (1.25 percent), Parks Department (6.00 percent), Street Repair and Maintenance Fund (12.50 percent), the General Obligation Debt Retirement Fund (.40 percent) and the Police Fund (13.4 percent). Effective January 1, 2009, the City income tax revenues were distributed to the following funds by City Council approved Ordinance: General Fund (38.40 percent), Fire Department (28.00 percent), Brunswick Transit Authority (1.25 percent), Parks Department (6.35 percent), Street Repair and Maintenance Fund (11.50 percent), the General Obligation Debt Retirement Fund (1.10 percent) and the Police Fund (13.4 percent).

Charges for services represents revenues from the Mayor's Court, cable franchise fees, building permits, park development and fees, recreation center fees, emergency rescue fees, transit fees, special assessments, and rental fees. Operating and Capital grants and contributions are represented mainly of revenues received from other governments for a specific purpose. The total of these program revenues remained relatively consistent with the prior year; however, capital grants and contributions revenue decreased significantly due to the City receiving a state capital grant for a nature center and various road grants in 2007 not received in 2008.

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2008
Unaudited

Interest revenues also decreased in 2008 as a result of a steep decline in interest rates and the spending of cash reserves to maintain City services.

Security of persons and property represents the highest program expense for the City by a large margin. This expense category is made up of all of the expenses and related activities of the City's Police and Fire Departments. The increase in expenses in this program from 2007 related to the finalization and terms of the negotiated union agreements during 2008 and the fact that both departments were not affected by any mandated budget cuts as of the balance sheet date. Budget cuts are no longer planned for the City's Police and Fire Departments as a result of the income tax levy passage on May 5, 2009. Both Departments are efficient and operated within its operating budget. The Police Department consists of a full-time police chief who oversees full-time and part-time police officers and communication specialists. The Police Department is funded primarily from revenues generated through the City's income tax and fines and forfeitures and is operated within the general and police funds. A pension levy is also utilized to pay a portion of the department's pension obligations. The Fire Department operates as a full-time Fire Department and is funded with income tax collections and rescue billing collections. The department employs full-time and part-time firefighters/EMT personnel and is headed by a full-time chief. The goal of these two Departments is to provide the best possible services to our community.

Transportation expense is the second highest governmental activities program expense for the City. Transportation expenses include depreciation, maintenance and repairs to the City's roads and infrastructure as well as operate the City's Brunswick Transit Alternative (BTA). The City paid for these activities primarily from the City's motor vehicle license tax, permissive tax and gasoline taxes in addition to a portion of the City's income tax. Transportation expenses decreased as a result of budget cuts to the City's sign shop program and less asphalt repair work completed in 2008 than in 2007. The City's Engineer has evaluated all of the City roads to prioritize which City roads are projected to be or are in need of repair. In assessing roads and potential future infrastructure projects, the City has always applied for State Issue II and federal stimulus monies when applicable as well as searching for joint projects with surrounding communities and the County.

The City also operates its own public transit system. Currently, the City has contracted with Buckeye Transit as our transport provider. Buckeye Transit's relationship with the City is to operate, maintain and manage the transit system within the agreed upon guidelines set forth in the contract. A large portion of capital and operating expenses needed to run a public transit system are reimbursable through the Ohio Greater Cleveland Regional Transit Authority (RTA), Ohio Department of Transportation and the United States Department of Transportation. The City also has a contract with the Northeast Ohio Areawide Coordinating Agency (NOACA) to assist the City in achieving its goal of improving the economy, environment, transportation system and quality of life for the citizens of Northeast Ohio and the City of Brunswick. The City is reimbursed for 65 percent of the net transit operation expenses, 90 percent of NOACA contractual service expenses and 100 percent of any capital purchases.

The next three highest program expenses are: general government, leisure time activities and community environment. In total these three program expenses remained relatively consistent with the prior year. Interest and fiscal charges and public health services make up the remaining governmental program expenses.

The City's Funds

The City of Brunswick uses fund accounting as mandated by governmental legal requirements. The importance of accounting and reporting using this method is to demonstrate compliance with these finance related requirements.

Governmental Funds

Information about the City's governmental funds begins on page 18. These funds are accounted for by using the modified accrual basis of accounting. All governmental funds had total revenues of \$20,029,971 and expenditures of \$28,954,449. \$5,580,000 of the difference between expenditures and revenues was a direct result of the City's Brunswick Lake and storm sewer bond anticipation notes being reported as short-term in 2008 rather than as long-term in 2007. Pursuant to GASB Codification B50.102, note proceeds are eliminated and a liability is reported when the notes are short-term. Note proceeds are not eliminated and the note liability is not reported in the funds when the notes are long-term. The remaining differences between the expenditures and revenues were mainly due to the spending of some cash reserves to maintain various City services along with a significant loss in interest revenue and capital grants reported within the intergovernmental revenue classification.

The most significant funds are the general, fire department and street repair and maintenance funds. The general fund had a year-end balance of \$3,111,245, which included an unreserved fund balance of 1,309,588, compared to annual expenditures of \$9,210,324. Expenditures exceeded revenues by \$800,900 and a portion of the prior year fund balance totaling \$505,907 was transferred to other funds. These transferred funds enabled the City to fund a portion of the recreation and parks operations, pay for various capital projects and cover the local match of a federal grant. The fire department fund had a year-end balance of \$720,695, which included an unreserved fund balance of \$605,797, compared to annual expenditures of \$3,406,159. Expenditures exceeded revenues by \$152,008. The fire fund supports the operations of full-time and part-time firefighters and emergency response personnel. The street repair and maintenance fund had a year-end balance of \$966,659, which included an unreserved fund balance of \$671,539, compared to annual expenditures of \$2,586,874. Revenues exceeded expenditures by \$38,054. The street repair and maintenance fund supports the operations of street repair and maintenance, branch chipping, leaf collection and storm sewer cleaning programs. The City's other three major funds are special assessment bond retirement, Brunswick Lake construction, and storm sewer. All three of these funds had expenditures exceeding revenues in 2008. The special assessment bond retirement fund had expenditures exceeding revenues by \$17,615. The Brunswick Lake construction fund had expenditures exceeding revenues by \$2,078,703. The storm sewer fund had expenditures exceeding revenues by \$4,081,991. The fund balances decreased in the Brunswick Lake construction and storm sewer funds mainly due to the reporting of short-term note liabilities in 2008, not previously reported as fund liabilities in 2007, and the payment of interest due on these notes.

Business-Type Fund

As mentioned earlier, the City's lone business-type activity is the refuse fund. Ending net assets increased by \$54,338 and was due to the reduction of wage and fringe benefit expenses as a result of the retirement of the City's only refuse clerk.

General Fund Budgeting Highlights

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund. During the course of 2008, the City amended its general fund budget eleven times for a total decrease

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2008
Unaudited

in estimated revenues of \$182,684 and a total decrease in budgeted expenditures of \$5,670. As required by the City Charter, expenditures in excess of \$7,500 must be reviewed and approved individually by Council. Recommendations and requests for budget changes are referred to the Finance Committee and/or Committee as a Whole for review, after which to a Council work session for presentation before going to the formal Council Meeting for ordinance enactment. The legal level of control is to each office, department, and division, and, within each, the amount appropriated for personal services and other. Interdepartmental budget changes that modify line items within the established legal level of control are allowed without requiring Council's authorization.

The general fund supports many major activities such as the police, building and planning departments as well as the legislative and most executive activities. Some major capital projects are funded with general fund dollars. By ordinance, these funds are transferred from the general fund to capital project funds where the revenue and expenditures for the capital improvement are tracked and monitored. For the general fund, the original budgeted revenues were \$8,662,142 and the final budgeted amount was \$8,479,458. The small decrease in budgeted revenues was related mainly to a decrease in interest as a result of the steep decline in interest rates during 2008. Although the City may have had some larger appropriation increase and decreases throughout the year, the total appropriations remained relatively consistent from the beginning of the year to the end of the year. The City continued to maintain a respectable level of liquidity in the general fund by maintaining unrestricted cash at year end of 18.79 percent revenues.

Total capital assets for the City of Brunswick as of December 31, 2008 were \$41,626,944. The most significant additions in capital assets came in the areas of construction in progress and storm sewers.

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2008
Unaudited

The construction in progress additions consisted mainly of the City-Wide signalization project; North Carpenter Road improvement project; a nature center building; East/West Hadcock and Holly Drive storm sewer projects; and a pierce ladder truck that were not completed as of December 31, 2008. The storm sewer infrastructure additions were related to the completion of the Maplewood and Warren storm sewer and drainage projects. The most significant deletions were to machinery, equipment and vehicles and construction in progress. The deletions to machinery, equipment and vehicles were mainly related to the deletion of an old ladder truck, several police vehicles and the elimination of several items that did not meet the City's capitalization threshold. The deletions in construction in progress consist of projects that were completed during 2008 and were previously listed as construction in progress as of December 31, 2007. For additional information see Note 11 to the basic financial statements.

The City has purchased approximately 144 acres of land for the Brunswick Lake project and had previously designated approximately 77 acres of the 144 acres to be resold and developed in accordance with an approved master plan. As of December 31, 2008, the City has sold or retained approximately 44 acres of the 77 acres available for resale. During 2008, the City made available 5.74 acres for resale that was previously retained by the City and is included in the land held for resale as of December 31, 2008. 33 acres are unsold and are available for resale as of December 31, 2008. On February 25, 2009, the City sold 15.9609 acres of the remaining 33 acres to Zaremba Brunswick Associates, LLC. The land was sold in exchange for \$759,536 in cash plus a \$394,040 loan receivable with 4 percent simple interest payable upon the sale of individual "blanks" of land or four years, whichever is earlier. The proceeds of this sale and any other future loan receipts will be accounted for in the Brunswick Lake Construction fund. City Council and the Administration are committed to making sure that this development defines the City as one of the premier cities in northern Ohio.

The Administration continues to seek grants for infrastructure projects, state and/or federal grant entitlements and stimulus and various other small grants serving a variety of purposes. In 2008, the City received federal grants for these purposes as awarded by the United States Department of Homeland Security, United States Department of Housing and Urban Development and the United States Department of Justice. The City received Issue II State grant monies for our Applewood, East/West Hadcock, Maplewood, Plum Creek, and Highland storm sewer improvements and also received a state grant to construct and open a nature center that was finalized and opened to the public on April 25, 2009. It is through these grants and entitlements along with our capital replacement programs, notes and transfers that we are able to improve upon our capital assets.

Debt

On December 31, 2008, the City of Brunswick had \$10,391,252 in general obligation bonds, special assessment bonds, notes, capital leases and OPWC loans outstanding. Table 4 summarizes bonds, notes and loans outstanding.

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2008
Unaudited

Table 4
Outstanding Debt at Year End

	Governmental Activities		Business-Type Activities		Totals	
	2008	2007	2008	2007	2008	2007
General Obligation Bonds	\$1,245,908	\$1,709,812	\$0	\$0	\$1,245,908	\$1,709,812
Special Assessment Bonds	1,728,992	1,881,397	0	0	1,728,992	1,881,397
Notes	6,980,000	8,060,000	0	0	6,980,000	8,060,000
Capital Leases	277,005	335,352	7,023	11,444	284,028	346,796
OPWC Loans	159,347	162,723	0	0	159,347	162,723
Totals	<u>\$10,391,252</u>	<u>\$12,149,284</u>	<u>\$7,023</u>	<u>\$11,444</u>	<u>\$10,398,275</u>	<u>\$12,160,728</u>

The general obligation bonds outstanding are composed of a voter-approved Recreation Center Refunding Bonds and a City Hall Expansion Bond. The voter-approved Recreation Center Refunding Bonds are paid from property tax and homestead and rollback monies. The City Hall Expansion Bonds are paid from income tax revenue, and if necessary, monies transferred from the general fund.

The special assessment bonds consist of Cross Creek, South Carpenter Road, Laurel Road West Waterline, Grafton Road, Laurel Road and South Industrial improvements. Principal and interest for these bonds are paid from the collection of special assessments from the benefited property owners.

The notes payable represent bond anticipation notes for the following improvement projects: (1) Storm Sewer Replacement Notes \$3,550,000 - \$360,000 was repaid in May of 2009 with unspent note proceeds of the cancelled Gary Boulevard storm sewer project and other storm sewer projects that were finalized in 2008. The remaining \$3,190,000 of the \$3,550,000 note will be paid with the proceeds from the sale of general obligation bonds upon the completion of the project and the bonds will be repaid with income tax revenues and/or general fund transfers; (2) Brunswick Lake Dam and Dredging Notes \$2,030,000 - \$525,000 of the note will be repaid with the proceeds from the sale of special assessment bonds upon the completion of the project and this portion of the bonds will be repaid from the collection of special assessments from the benefited property owners. The remaining \$1,505,000 will be paid with the proceeds from the sale of general obligation bonds upon the completion of the project and the bonds will be repaid with general fund transfers; (3) Traffic Signalization Improvement Notes \$800,000 - the note will be paid with the proceeds from the sale of general obligation bonds upon the completion of the project and the bonds will be repaid with intergovernmental revenues earned in the State Highway Fund; (4) Fire Truck Notes \$600,000 - the note will be paid with the proceeds from the sale of general obligation bonds and the bonds will be repaid with income tax revenues and/or general fund transfers.

The outstanding Ohio Public Works Commission loans represent an interest free loan obtained to finance the Fireside Twin Storm and Highland Drive storm sewer projects. The loans will be repaid with municipal income tax or general fund transfer monies.

The City's overall legal ten and one-half percent debt limitation (voted and unvoted) on December 31, 2008 was \$72,763,572. The aggregate outstanding debt after issuance of bonds subject to the ten and one-half percent limitation is \$6,718,021. The difference of \$72,763,572 between the maximum issuable amount and

City of Brunswick, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2008
Unaudited

the outstanding amount represents the aggregate principal amount of additional voted and unvoted nonexempt debt which the City may issue without exceeding the ten and one-half percent limitation. For additional information on the City's debt see Notes 13 and 14 to the basic financial statements.

Current Financial Related Activities

During 2008 and early 2009, the City has begun to address the spending of cash reserves by reducing non-safety personnel full-time equivalents by 29.5, reducing various other expenses and services and voted to place a 0.5 percent income tax rate increase, with a corresponding increase of 0.25 percent to the income tax credit rate, on the ballot. This levy was passed by the vote of the people on May 5, 2009.

The City of Brunswick is committed to a strong economic development program and strives to maintain the highest level of service. The City of Brunswick's has a bond rating of Aa3 by Moody's and is extremely proud of its rating. This rating should ultimately result in the City receiving low interest rates on newly issued debt obligations.

The City is ideally situated on Interstate 71, approximately twenty-five minutes from Cleveland, Ohio and approximately fifteen minutes from Cleveland Hopkins International Airport. Interstate 71 is intersected by State Route 303 and provides a perfect separation for industrial development east of Interstate 71 and commercial and residential development west of Interstate 71. The City enjoys two industrial parks on the east side of Interstate 71.

The City of Brunswick has committed itself to financial excellence and has a history of doing just that. The City has received the Government Finance Officers Award Certificate of Achievement for Excellence since 1982 (with the exception of 1986). Our commitment to our residents has always been one of full disclosure of the financial position of the City.

In the last four years, the City of Brunswick has also received two State Auditor Awards for our outstanding commitment to the highest standards of financial reporting. This recognition award is given to the top 4 percent of governments in the State of Ohio for not only meeting the strict standards established by the United States Government Finance Officers Association, but also for building sound internal accounting controls that provide for the safeguarding, reliability and accountability of financial records and city assets.

These awards would not have been possible without the hard work of the Finance Committee, Finance Department staff, City Administration, and the Local Government Services Section of the Auditor of State's office. It is a great honor for the City of Brunswick to be able to place itself in the top 4 percent of all governments in the State of Ohio and we look forward to maintaining excellence in financial reporting and internal accounting controls in the years to come.

Contacting the City's Finance Department

This financial report is designed to provide our citizens, taxpayers, creditors and investors with a general overview of the City's finances and show the City's accountability for all money it receives, spends or invests. If you have any questions about this report or need financial information contact the Director of Finance, Bill White, 4095 Center Road Brunswick, Ohio 44212, telephone (330) 225-9144 or the website at www.brunswick.oh.us.

Net Change in Fund Balances -Total Governmental Funds (\$8,918,814)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures.

However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital Asset Additions	2,546,241	
Current Year Depreciation	<u>(1,949,698)</u>	
Total		596,543

Governmental Funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal.

(906,358)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Delinquent Property Taxes	(93,399)	
Income Tax	192,720	
Special Assessment	(154,927)	
Grants	(185,647)	
Charges for Services	119,059	
Interest	<u>(35,815)</u>	
Total		(158,009)

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.

6,250,104

For the Year Ended December 31, 2008

Note 1 - Description of the City and Reporting Entity

The City of Brunswick (the "City") is a charter municipal corporation, incorporated under the laws of the State of Ohio. The City operates under a part-time Council and full-time City Manager form of government. The Mayor is elected to a four year term and performs ceremonial and judicial functions. Members of Council are elected to 4 year staggered terms.

Reporting Entity

The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the City. For the City of Brunswick, this includes the agencies and departments that provide the following services: police and fire protection, emergency medical, parks and recreation, planning, zoning, street maintenance and repair and general administrative services.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and 1) the City is able to significantly influence the programs or services performed or provided by the organization; or 2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations for which the City authorizes the issuance of debt or levying of taxes, or determining the budget. The City has no component units.

The City participated in the Southwest Council of Governments, Northeast Ohio Public Energy Council and Medway Drug Enforcement Agency as jointly governed organizations. Additional information is included in Note 20.

Note 2 - Summary of Significant Accounting Policies

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental and business-type activities and to its enterprise fund provided they do not conflict with or contradict GASB pronouncements. The City has elected not to apply FASB pronouncements and interpretations issued after November 30, 1989, to its business-type activity and enterprise fund. The most significant of the City's accounting policies are described below.

A. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net assets and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental and those that are considered business-type.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

The statement of net assets presents the financial condition of the governmental and business-type activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the single business-type activity of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the City.

Fund Financial Statements During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of the governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Fund Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major governmental funds:

General Fund The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

Fire Department Special Revenue Fund The fire department fund accounts for income tax proceeds received to pay for the expenditures related to fire protection in the City.

Street Repair and Maintenance Special Revenue Fund The street repair and maintenance fund accounts for State gasoline tax and motor vehicle registration fees designated for maintenance of streets within the City as required by the Ohio Revised Code.

Special Assessment Bond Retirement Debt Service Fund The special assessment bond retirement fund accounts for the collection of special assessments levied against benefited properties for the payment of special assessment bonds and the related interest.

Brunswick Lake Construction Capital Projects Fund The Brunswick Lake construction fund accounts for the purchase of and improvements to the Brunswick Lake site financed by the proceeds of bonds and loans from the general fund.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Storm Sewer Capital Projects Fund The storm sewer fund accounts for the transfers, debt proceeds and grant monies used for improvements to various City storm sewers.

The other governmental funds of the City account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service. The City's only proprietary fund is an enterprise fund.

Enterprise Fund Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The City has one major enterprise fund.

Refuse Fund The refuse fund accounts for the garbage collection services offered by the City to its residents.

Fiduciary Funds Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City's only fiduciary funds are agency funds. The agency funds are used for performance bonds, collection and distribution of State monies, to accumulate employee contributions for future child care and health services and for expenditures for the local softball teams.

C. Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the Statement of Net Assets. The Statement of Activities presents increases (i.e. revenues) and decreases (i.e. expenses) in total net assets.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statement for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of fund net assets. The statement of revenues, expenses and changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary and fiduciary funds also use the accrual basis of accounting. Government funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within thirty-one days of year-end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied. (See Note 7) Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes (including gasoline tax and motor vehicle license fees), interest, fines and forfeitures, grants and fees.

Deferred Revenue Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2008, but which were levied to finance year 2009 operations, have been recorded as deferred revenue. Grants and entitlements received before eligibility requirements are met are also recorded as deferred revenue.

On the governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized when they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

E. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations ordinance, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate. The appropriations ordinance is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of budgetary control has been established by City Council at the function level of expenditures by personal services and all other expenditure categories within each department for all funds pursuant to Ohio Revised Code Section 5705.38(C). Budgetary modifications may only be made by ordinance of the City Council at the legal level of control. The Finance Director has been authorized to allocate appropriations within expenditure categories as appropriated by Council. Budgetary statements are presented beyond the legal level of control for informational purposes only.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Finance Director. The amounts reported as the original and final budgeted amounts on the budgetary statements reflect the amounts on the original and final amended official certificate of estimated resources when the original and final appropriations were enacted by Council.

The appropriations ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts on the budgetary statements reflect the first appropriations ordinance for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year.

F. Cash and Cash Equivalents

To improve cash management, cash received by the City is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through City records. Interest in the pool is presented as "equity in pooled cash and cash equivalents".

The City has segregated bank accounts for monies held separate from the City's central bank account. These interest bearing depository accounts are presented as "cash and cash equivalents in segregated accounts" since they are not required to be deposited into the City treasury.

The City utilizes a financial institution to service bonded debt as principal and interest payments come due. The balance in this account is presented as "cash and cash equivalents with fiscal agents" and represents deposits or short-term investments in certificates of deposit.

Investments are reported at fair value which is based on quoted market prices, with the exception of nonparticipating repurchase agreements, which are reported at cost.

During 2008, investments were limited to overnight repurchase agreements, manuscript bond and State Treasury Asset Reserve of Ohio (STAROhio).

"Investments" on the basic financial statements represents a manuscript bond issued by the City and purchased by the debt service fund.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on December 31, 2008.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue is distributed to the general fund, certain special revenue funds, debt service funds and certain capital projects funds. Interest revenue credited to the general fund during 2008 amounted to \$372,765, which includes \$310,988 assigned from other City funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the City are presented on the financial statements as cash equivalents.

G. Restricted Assets

Assets are reported as restricted when limitations on their use change in nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws or other governments or imposed by law through constitutional provisions or enabling legislation. Restricted assets in the general fund represent money set aside for unclaimed monies.

H. Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of expendable supplies.

I. Assets Held for Resale

Assets held for resale represent land purchased by the City which will be sold for development purposes. This amount is offset by a fund balance reserve on the governmental fund financial statements.

J. Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net assets and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The City was able to estimate the historical cost for the initial reporting of infrastructure by backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated capital assets are valued at their fair market values as of the date received. The City maintains a capitalization threshold of ten thousand dollars for infrastructure, zero dollars for land, works of art, computers and computer peripherals and five thousand dollars for all other assets. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of an asset or materially extend an asset's life are not.

All reported capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

were estimated based on the City’s historical records of necessary improvements and replacements. Depreciation for governmental and business-type capital assets is computed using the straight-line method over the following useful lives:

Description	Estimated Lives
Land Improvements	20 years
Building and Improvements	5 - 50 years
Equipment, Machinery and Vehicles	3 - 25 years
Furniture and Fixtures	7 - 10 years
Infrastructure	30 - 50 years

The City’s infrastructure consists of roads, sidewalks, storm sewers, dams, bridges and culverts and does not include infrastructure acquired prior to December 31, 1980.

K. Interfund Balances

On the fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as “interfund receivables/payables”. Long term interfund loans are reported as “loans to/from other funds” and are equally offset by a fund balance reserve account which indicates that they do not constitute “available expendable resources” since they are not a component of net current assets. Interfund balance amounts are eliminated in the statement of net assets, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

L. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation time when earned for all employees with more than one year of service. Since the City’s policy limits the accrual of vacation time to one year from the employee’s anniversary date, the outstanding liability is recorded as “vacation benefits payable” on the statement of net assets rather than as a long-term liability.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees’ wage rates at year end, taking into consideration any limits specified in the City’s termination policy. The City records a liability for accumulated unused sick leave for all employees after five years of service.

M. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Bonds and long-term loans are recognized as a liability on the governmental fund financial statements when due.

N. Fund Balance Reserves

The City reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent expendable resources and therefore are not available for appropriation or expenditure. Fund balance reserves have been established for encumbrances, unclaimed monies, loans to other funds and assets held for resale. Under Ohio law, unclaimed monies are not available for appropriation until they have remained unclaimed for five years.

O. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the City, these revenues are charges for services for refuse collection programs. Operating expenses are necessary costs incurred to provide the service for the primary activity of the fund. Revenues and expenses not meeting these definitions are reported as nonoperating.

P. Internal Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Internal allocations of overhead expenses from one function to another within the same function are eliminated on the statement of activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Q. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net assets restricted for other purposes include resources restricted for the computerization of the mayor's court and federal emergency management services. The government-wide statement of net assets reports \$17,728,984 of restricted net assets.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

R. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

S. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3 – Change in Accounting Principles

For 2008, the City has implemented Governmental Accounting Standards Board (GASB) Statement No. 49, “Accounting and Financial Reporting for Pollution Remediation Obligations”. GASB Statement No. 49 addresses accounting and financial reporting standards for pollution (including contamination) remediation obligations, which are obligations to address the current or potential detrimental effect of existing pollution by participating in pollution remediation activities such as site assessments and cleanups. The implementation of this Statement did not result in any changes to the City’s financial statements.

Note 4 – Fund Deficits

The Brunswick Lake Construction and Storm Sewer capital projects major funds and the Violence Against Women Act, State Highway special revenue and Community Development Block Grant capital projects funds had deficit fund balances of \$2,191,505, \$2,691,259, \$10,733, \$226,679 and \$91,000, respectively, as of December 31, 2008. The deficits are due to adjustments for accrued liabilities. The general fund is liable for any deficit in other funds and provides transfers when cash is required, rather than when accruals occur.

Note 5 - Budgetary Basis of Accounting

While the City is reporting financial position, results of operations, and changes in fund balance/net assets on the basis of generally accepted accounting principles (GAAP basis), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual presented for the General and major special revenue funds are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are as follows:

1. Revenues and other sources are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures and other uses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Encumbrances are treated as expenditures (budget) rather than as a reservation of fund balance (GAAP).
4. Advances-In and Advances-Out are operating transactions (budget) as opposed to balance sheet transactions (GAAP).

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund and for the major special revenue funds.

	Net Change in Fund Balances		
	General	Fire Department	Street Repair and Maintenance
GAAP Basis	(\$1,306,807)	(\$152,008)	\$38,054
Net Adjustment for Revenue Accruals	95,064	27,503	16,498
Advances In	151,000	0	0
Net Adjustment for Expenditure Accruals	315,095	42,510	25,997
Advances Out	(348,786)	0	0
Adjustments for Encumbrances	(363,075)	(116,285)	(298,831)
Budget Basis	<u>(\$1,457,509)</u>	<u>(\$198,280)</u>	<u>(\$218,282)</u>

Note 6 - Deposits and Investments

The City has chosen to follow State statutes and classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that Council has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the finance director by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and
6. The State Treasurer's investment pool (STAROhio).

The City may also invest any monies not required to be used for a period of six months or more in the following:

1. Bonds of the State of Ohio;
2. Bonds of any municipal corporation, village, county, township, or other political subdivision of this State, as to which there is no default of principal, interest or coupons; and
3. Obligations of the City.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Historically, the City has not purchased these types of investments or issued these types of notes. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year-end, the carrying amount of the City's deposits was \$8,216,300 and the bank balance was \$8,180,766. Of the bank balance \$1,252,657 was covered by Federal depository insurance and \$6,928,109 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institutions' trust department or agent, but not in the City's name.

The City has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the City or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Investments

Investments are reported at fair value. As of December 31, 2008, the City had the following investments:

	Fair Value	Maturity
Repurchase Agreements		
Federal Home Loan Mortgage Bond	\$220,000	Daily
Manuscript Bond	26,249	December 1, 2018
STAROhio	3,683,636	Average 55 days
Total Portfolio	\$3,929,885	

Interest Rate Risk As a means of limiting its exposure to fair value losses caused by rising interest rates, the City's investment policy requires that operating funds be invested primarily in short-term investments maturing within five years from the date of purchase and that the City's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. To date, no investments have been purchased with a life greater than five years except for the manuscript bonds. The manuscript bond represents an investment in which the City purchased its own special assessment bond to pay the property owners' portion of the cost of improving Grafton Road. This bond matures on December 1, 2018.

Credit Risk The Federal Home Loan Mortgage Bond overnight repurchase agreement and the manuscript bonds carries a rating of AAA by Standard and Poor's. STAROhio carries a rating of AAA, by Standard and Poor's. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service. The City has no investment policy that addresses credit risk.

Custodial Credit Risk For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Federal Home Loan Mortgage Bond overnight repurchase agreement and manuscript bond are exposed to custodial credit risk in that they are uninsured, unregistered, and held by the counterparty's trust department or agent but not in the City's name. The City has no investment policy dealing with investment custodial risk beyond the requirement in state statute that requires securities purchased pursuant to this division shall be delivered into the custody of the Finance Director or an agent designated by the Finance Director.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Concentration of Credit Risk is defined by the Governmental Accounting Standards Board as having five percent or more invested in the securities of a single issuer. The City's investment policy places no limit on the amount it may invest in any one issuer. The following is the City's allocation as of December 31, 2008:

<u>Investment Issuer</u>	<u>Percentage of Investments</u>
Repurchase Agreement	5.60%
Manuscript Bond	0.67
STAROhio	93.73

Note 7 - Receivables

Receivables at December 31, 2008, consisted primarily of municipal income taxes, property taxes, special assessments, intergovernmental receivables arising from grants, entitlements and shared revenues, interest, and accounts (billings for user charged services).

No allowance for doubtful accounts has been recorded because uncollectible amounts are expected to be insignificant and collected within one year.

Special assessments expected to be collected in more than one year amount to \$1,561,532 in the special assessment bond retirement fund. The amount of delinquent special assessments outstanding at year-end is \$8,279. All other receivables except property taxes are expected to be collected within one year. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

A. Property Taxes

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the City. Property tax revenue received during 2008 for real and public utility property taxes represents collections of 2007 taxes. Property tax payments received during 2008 for tangible personal property (other than public utility property) are for 2008 taxes.

2008 real property taxes are levied after October 1, 2008, on the assessed value as of January 1, 2008, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2008 real property taxes are collected in and intended to finance 2009.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31, if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payments dates to be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2008 public utility property taxes became a lien December 31, 2007, are levied after October 1, 2008, and are collected in 2009 with real property taxes.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

2008 tangible personal property taxes are levied after October 1, 2007, on the value as of December 31, 2007. Collections are made in 2008. Tangible personal property assessments are being phased out—the assessment percentage for all property including inventory for 2008 is 6.25 percent. This will be reduced to zero percent for 2009. Payments by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20.

The full tax rate for all City operations for the year ended December 31, 2008, was \$3.25 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2008 property tax receipts were based are as follows:

	<u>Assessed Value</u>
Real Estate	
Residential/Agricultural	\$608,231,400
Commercial Industrial/PU	127,704,210
Public Utility Property	4,880,560
Tangible Personal	16,151,383
Total Assessed Value	<u><u>\$756,967,553</u></u>

The Medina County Treasurer collects property taxes on behalf of all taxing districts in the County, including the City of Brunswick. The County Auditor periodically remits to the City its portion of the taxes. Property taxes receivable represents real and tangible personal property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2008 and for which there is an enforceable legal claim. In the governmental funds, the entire receivable has been offset by deferred revenue since current taxes were not levied to finance 2008 operations and the collection of delinquent taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on the modified accrual basis the revenue is deferred.

B. Income Tax

The City levies a municipal income tax of 1.35 percent on salaries, wages, commissions and other compensation, and net profits earned within the City as well as incomes of residents earned outside of the City. Residents of the City are granted a credit up to three-fourths of one percent for taxes paid to other municipalities.

Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually. By City ordinance, income tax proceeds for 2009, after income tax department expenditures, are credited to the following funds: 38.40 percent to the general fund, 28.00 percent to the fire special revenue fund, 11.50 percent to the street repair and maintenance special revenue fund, 13.40 percent to the police special revenue fund, 1.25 percent to the Brunswick Transit Alternative special revenue fund, 6.35 percent to the parks special revenue fund and 1.10 percent to the general obligation bond retirement debt service fund.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

C. Intergovernmental Receivables

A summary of the governmental activities principal items of intergovernmental receivables follows:

	<u>Amounts</u>
Gasoline Tax	\$599,195
Local Government	524,921
Permissive Motor Vehicle License Tax	201,926
Homestead and Rollback	145,688
Grants	138,566
Motor Vehicle License Registration	124,941
Fines, Licenses and Fees	43,043
Deregulation Monies	33,212
Dispatch	4,173
Court	3,635
Miscellaneous	1,161
Cigattette Tax	<u>361</u>
Total	<u><u>\$1,820,822</u></u>

Note 8 - Contingencies

A. Grants

The City received financial assistance from federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the City at December 31, 2008.

B. Litigation

Several claims and lawsuits are pending against the City. The amount of the liability, if any, cannot be reasonably estimated at this time. However, in the opinion of management, any such claims and lawsuits will not have a material adverse effect on the overall financial position of the City at December 31, 2008.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Note 9 – Contractual Commitments

As of December 31, 2008, the City had the following contractual commitments:

Project	Amount Remaining on Contract
Engineering - City-Wide Signalization	\$201,496
Gradall Capital Lease Payments	174,047
Fire Rescue Capital Lease Payments	109,472
Street Sweeper Capital Lease Payments	83,354
Nature Center	69,730
Property Insurance - 4th Quarter	67,382
Holly Drive Culvert Project	63,988
Insurance Claims/deductible	57,617
East/West Storm Sewer Project	56,506
Fire Station Air Management Systems	53,180
Information Technology Infrastructure & Licensing	53,092
Bus Transit Escrow/Retainer	48,849
North Carpenter Turning Lane Project	37,191
Bus Transit - Npv & Dec 2008 Services	32,216
Old Eagle Traffic Signal	25,422
Applewood Phase IV Storm Sewer Project	21,324
NOACA Consultant Services - Bus Transit	21,152
Engineering - General Consultant Services	21,151
Highland Drive Sewer Project	20,336
Engineering - South Industrial Park Replacement	20,252
Engineering - Concrete Pavement Program	17,253
Enterprise Resource Planning Project - Phase I	17,030
Engineering - GIS Mapping Services	15,947
Engineering - Storm Water SWP3 Services	13,122
Total	\$1,301,109

Note 10 – Assets Held for Resale

Assets held for resale represents land near Brunswick Lake purchased by the City which will be sold for development purposes. During fiscal year 2008, the City acquired an additional 5.74 acres for resale. As of December 31, 2008 the City has 33 acres of land remaining which is being held for resale.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Note 11 - Capital Assets

Capital asset activity for the year ended December 31, 2008, was as follows:

	Balance 12/31/07	Additions	Deletions	Balance 12/31/08
Governmental Activities				
<i>Capital Assets, not being depreciated:</i>				
Land	\$5,423,973	\$130,242	(\$279,458)	\$5,274,757

Public Health Services	23,160
Leisure Time Activities	<u>198,914</u>
Total Depreciation Expense	<u>\$1,949,698</u>

Note 12 – Capital Leases Payable

The City has previously entered into leases for the acquisition of a gradall, ambulance, street sweeper and a sewer camera. These lease obligations meet the criteria of a capital lease as defined by Financial Accounting Standards Board Statement Number 13, “Accounting for Leases,” and have been recorded as capital assets on the government-wide statements. Capital lease payments have been reclassified and are reflected as debt service expenditures in the general and refuse funds on the basic financial statements. These expenditures are reflected as programs/function expenditures on a budgetary basis.

	Governmental Activities	Business-Type Activity
Asset:		
Machinery and Equipment	\$494,523	\$21,650

On April 2, 2008, the City rolled over \$2,030,000 in bond anticipation notes. The note was issued for the reconstruction of the dam at Brunswick Lake and the dredging and improving of Brunswick Lake. On May 7, 2008, the City rolled over \$3,550,000 in Storm Sewer Replacement Notes to finance the improvements of the City's storm water drainage system by constructing and reconstructing storm sewers, a storm water detention basin and other storm water drainage improvements.

General obligation bonds will be paid from taxes receipted in the debt service fund. The special assessment bonds will be paid from the proceeds of special assessments levied against benefited property owners. In the event that a property owner would fail to pay the assessment, payment would be made by the City.

The City has entered into a contractual agreement for a loan from the Ohio Public Works Commission for improvements to the Highland storm sewer. Since the loan repayment schedule has not yet been finalized, a repayment schedule is not included in the schedule of debt service requirements.

Compensated absences will be paid from the general fund, the fire department, street repair and maintenance, cable tv, parks and recreational center special revenue funds and the refuse enterprise fund which are the funds from which the employees' salaries are paid. The OPWC loan will be paid with income tax proceeds in the street repair and maintenance special revenue fund.

The City's overall debt margin was \$72,763,572 and the unvoted legal debt margin was \$34,915,194 at December 31, 2008. Principal and interest requirements to retire long-term obligations outstanding at December 31, 2008, are as follows:

	General Obligation Bonds		Special Assessment Bonds		OPWC Loans	Total	
	Principal	Interest	Principal	Interest	Principal	Principal	Interest
2009	\$470,000	\$71,620	\$147,717	\$92,620	\$4,520	\$622,237	\$164,240

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Note 14 – Notes Payable

A summary of the note transactions for the year ended December 31, 2008, follows:

	Outstanding 12/31/2007	Issued	Retired	Outstanding 12/31/2008
3.70% Traffic Signal Improvement Notes	\$680,000	\$0	\$680,000	\$0
2.85% Capital Improvement and Equipment Notes	0	1,400,000	0	1,400,000
4.50% Storm Sewer Replacement Notes	1,800,000	0	1,800,000	0
4.50% Storm Sewer Replacement Notes	0	3,550,000	0	3,550,000
2.45% Brunswick Lake Dam and Dredging Notes	0	2,030,000	0	2,030,000
Total	\$2,480,000	\$6,980,000	\$2,480,000	\$6,980,000

In 2008, the City issued \$1,400,000 in Capital Improvements and Equipment Notes. \$800,000 was used to finance the improvement of the City’s traffic control system by purchasing and installing signals and other equipment and devices to direct and control the flow of vehicular and pedestrian traffic in the City. \$600,000 was used to acquire fire apparatus and related equipment to be used in carrying out functions of the Division of Fire. These notes mature on November 19, 2009.

In 2008, the City issued \$3,550,000 in Storm Sewer Replacement Notes to finance the improvements of the City’s storm water drainage system by constructing and reconstructing storm sewers, a storm water detention basin and other storm water drainage improvements. These notes mature on May 6, 2009.

In 2008, the City issued \$2,030,000 in Special Assessment Improvement Notes to finance the improvements of the Brunswick Lake waterfront and the Plum Creek watercourse by reconstructing and rehabilitating the dam and dredging, removing silt from and improving the water front of Brunswick Lake. These notes mature on April 2, 2009.

All notes are backed by the full faith and credit of the City of Brunswick and mature within one year. The note liability is reflected in the fund which received the proceeds and will repay the debt. The notes are generally issued in anticipation of long-term bond financing and are refinanced until such bonds are issued.

Note 15 - Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The City has insurance coverage with Factory Mutual Insurance Company who provides the boiler coverage. The City’s coverage for general liability, bodily injury and property damage to others, with St. Paul Travelers Insurance Company, is limited to \$1,000,000 per occurrence and has a \$2,000,000 aggregate limit per year. In addition, there is excess umbrella coverage of \$10,000,000 for all liability coverage.

Errors and omissions for public officials and police professional liability, with St. Paul Mercury Insurance Company are \$1,000,000 per occurrence and \$2,000,000 aggregate per year. Vehicle coverage, with St. Paul Insurance Company, is limited to \$1,000,000 per each occurrence, no aggregate, with a \$0 liability deductible and a \$1,000 physical damage deductible for comprehensive and collision for all City vehicles.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Comprehensive crime is covered at \$100,000 with various individual bonds ranging from \$10,000 to \$1,000,000 in coverage.

Coverage for the City's buildings, furniture, fixtures, and contents has a limit of \$23,761,171 with a \$2,500 per event deductible. Inland marine coverage for all City property that moves has a limit of \$1,208,398 with a \$1,000 deductible.

Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

Note 16 – Defined Benefit Pension Plans

A. Ohio Public Employees Retirement System

Plan Description - The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administer three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan. Under the combined plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to the traditional pension plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member directed plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy – The Ohio Revised Code provides statutory authority for member and employer contributions. For the year ended December 31, 2008, members in state and local classifications contributed 10 percent of covered payroll, public safety members and law enforcement members contributed 10.1 percent.

The City's contribution rate for 2008 was 14.00 percent, except for those plan members in law enforcement or public safety, for whom the City's contribution was 17.40 percent of covered payroll. The Ohio Revised Code provides statutory authority for member and employer contributions.

The City's required contributions for pension obligations to the traditional and combined plans for the years ended December 31, 2008, 2007, and 2006 were \$347,456, \$423,058 and \$473,246 respectively; 82.59 percent has been contributed for 2008 and 100 percent for 2007 and 2006. Contributions to the member-directed plan for 2008 were \$3,153 made by the City and \$2,252 made by the plan members.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

B. Ohio Police and Fire Pension Fund

Plan Description - The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to the OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary to fund pension obligations. The City's contribution was 19.5 percent for police officers and 24 percent for firefighters. Contribution rates are established by State statute. For 2008, a portion of the City's contribution equal to 6.75 percent of covered payroll was allocated to fund the post-employment health care plan. The City's contributions to the OP&F for police and firefighters were \$365,014 and \$321,638 for the year ended December 31, 2008, \$347,531 and \$292,336 for the year ended December 31, 2007, and \$333,244 and \$287,625 for the year ended December 31, 2006. 64.02 percent for police and 61.28 percent for firefighters has been contributed for 2008. The full amount has been contributed for 2007 and 2006.

Note 17 – Postemployment Benefits

A. Ohio Public Employees Retirement System

Plan Description – OPERS maintains a cost sharing multiple employer defined benefit post-employment health care plan for qualifying members of both the traditional and combined pension plans. Members of the member-directed plan do not qualify for ancillary benefits, including post-employment health care. The plan includes a medical plan, a prescription drug program and Medicare Part B premium reimbursement.

To qualify for post-employment health care coverage, age and service retirees under the traditional and combined plans must have ten or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The Ohio Revised Code permits, but does not require, OPERS to provide health care benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report which may be obtained by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 800-222-7377.

Funding Policy – The post-employment health care plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). State statute requires that public employers fund post-employment health care through contributions to OPERS. A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of post-retirement health care.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Employer contribution rates are expressed as a percentage of the covered payroll of active employees. In 2008, state and local employers contributed at a rate of 14.00 percent of covered payroll (17.40 percent for public safety and law enforcement). Each year, the OPERS retirement board determines the portion of the employer contribution rate that will be set aside for funding post-employment health care benefits. The amount of employer contributions which was allocated to fund post-employment health care was 7.0 percent of covered payroll.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2008, 2007 and 2006 were \$347,456, \$278,661 and \$276,415 respectively; 82.59 percent has been contributed for 2008 and 100 percent for 2007 and 2006.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates increased as of January 1, 2006, January 1, 2007, and January 1, 2008, which allowed additional funds to be allocated to the health care plan.

B. Police and Firemen's Disability and Pension Fund

Plan Description – The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored health care program, a cost-sharing multiple-employer defined post-employment healthcare plan administered by OP&F. OP&F provides healthcare benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B premium reimbursement and long-term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement healthcare coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person.

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to the OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy – OP&F's post-employment health care plan was established and is administered as an Internal Revenue Code 401(h) account within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees. The Ohio Revised Code sets the contribution rates for participating employers and for plan members to the OP&F. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.50 percent and 24.00 percent of covered payroll for police and fire employers, respectively.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

The Board of Trustees is authorized to allocate a portion of the total employer contributions made to the pension plan to the 401(h) account as the employer contribution for retiree health care benefits. For the year ended December 31, 2008, the employer contribution allocated to the healthcare plan was 6.75 percent of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and also is limited by the provisions of Section 401(h).

The OP&F Board of Trustees is also authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions to OP&F which were allocated to fund post-employment health care benefits for police and firefighters were \$193,243 and \$125,858 for the year ended December 31, 2008, \$183,987 and \$114,392 for the year ended December 31, 2007, and \$219,799 and \$137,175 for the year ended December 31, 2006. The full amount has been contributed for 2007 and 2006. 64.02 percent has been contributed for police and 61.28 percent has been contributed for firefighters for 2008.

Note 18 - Other Employee Benefits

A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Employees earn two to six weeks of vacation per year, depending upon length of service. Vacation accumulation is limited to one year unless an extension is approved by the City Manager. All accumulated unused vacation time is paid upon termination of employment. Outstanding unused vacation is reflected as vacation benefits payable on the statement of net assets.

Employees earn sick leave at the rate of 1.25 days per month of service. Sick leave accumulation is unlimited, but upon retirement or death, an employee, other than full-time sergeants or patrolman, can be paid twenty-five percent of accumulated, unused sick leave to a maximum of thirty days. Sergeants or patrolmen can be paid thirty-three percent of accumulated unused sick leave to various maximums based on the number of years of continuous service.

B. Health and Life Insurance

The City provides health insurance through Medical Mutual to its employees. It also provides life insurance and accidental death and dismemberment insurance to its employees through Group Life Insurance. The option to select an HMO from Kaiser Permanente is provided to the employees and premiums are paid by the City.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

Note 19 - Interfund Transfers and Balances

A. Transfers

Transfers are used to move unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to provide additional resources for current operations; and to segregate money for anticipated capital projects. Transfers were made from the General fund to various other governmental funds during 2008. Transfers at December 31, 2008 consisted of the following:

	Transfers	
	December 31, 2008	
	<u>Transfers Out</u>	<u>Transfers In</u>
Major Fund		
General Fund	<u>\$505,907</u>	<u>\$0</u>
Nonmajor Funds		
<i>Special Revenue Fund:</i>		
Violence Against Women Act Grant	0	9,000
Recreation Center	0	215,000
Parks	0	89,200
<i>Capital Projects Funds:</i>		
City Hall Expansion	0	27,600
Storm Sewer	<u>0</u>	<u>165,107</u>
Total Nonmajor Funds	<u>0</u>	<u>505,907</u>
Total All Funds	<u><u>\$505,907</u></u>	<u><u>\$505,907</u></u>

A transfer was made to the City Hall Expansion fund for repairs necessary at the police department basement and a transfer to fund the current obligated portion of the electrical replacement at City Hall and the IT infrastructure and licensing projects. A transfer was made for the City's matching portion of the 2008 Victims Against Women's Abuse Grant. A transfer of was made to the Storm Sewer Improvement fund to fund the Holly Drive culvert replacement. A transfer was made to the Parks fund to fund a portion of the estimated operations not otherwise covered by the direct income tax allocation established by Council. A transfer was made to the Recreation Center fund to fund a portion of the estimated operations not otherwise covered by fees.

B. Balances

Interfund receivables and payables are due to the timing of the receipt of grant monies by the nonmajor funds. All interfund balances will be repaid within one year. Loans from other funds are due to the land held for resale in the Brunswick Lake construction fund, which was originally paid for by the general fund. Loans from other funds will be repaid in more than one year with the proceeds from the sale of the land after all contractual obligations are paid. As of December 31, 2008, the loan balance between the General fund and the Brunswick Lake construction fund was \$1,711,286. Interfund balances at December 31, 2008, consist of the following:

Note 20 - Jointly Governed Organizations

A. Southwest Council of Governments

The Southwest Council of Governments helps foster cooperation between municipalities in areas affecting health, safety, welfare, education, economic conditions, and regional development. The board is comprised of one member from each of the sixteen participating entities. The board exercises total control over the operation of the Council including budgeting, appropriating, contracting, and designating management. Budgets are adopted by the board. Each city's degree of control is limited to its representation on the board. In 2008, the City contributed \$7,500 to the Southwest Council of Governments.

The Council has established two subsidiary organizations, the Hazardous Material Response Team ("HAZ MAT") which provides hazardous material protection and assistance, and the Southwest Enforcement Bureau which provides extra assistance to cities in the form of a SWAT Team. The Council's financial statements may be obtained by contacting the Southwest Council of Governments, Parma Heights, Ohio.

B. Northeast Ohio Public Energy Council

The City is a member of the Northeast Ohio Public Energy Council (NOPEC). NOPEC is a regional council of governments formed under Chapter 167 of the Ohio Revised Code. NOPEC was formed to serve as a vehicle for communities wishing to proceed jointly with an aggregation program for the purchase of electricity. NOPEC is currently comprised of over 126 communities who have been authorized by ballot to purchase electricity on behalf of their citizens. The intent of NOPEC is to provide electricity at the lowest possible rates while at the same time insuring stability in prices by entering into long-term contracts with suppliers to provide electricity to the citizens of its member communities.

City of Brunswick, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2008

NOPEC is governed by a General Assembly made up of one representative from each member community. The representatives from each county then elect one person to serve on the eight-member NOPEC Board of Directors. The Board oversees and manages the operation of the aggregation program. The degree of control exercised by any participating government is limited to its representation in the General Assembly and on the Board. The City of Brunswick did not contribute to NOPEC during 2008. Financial information can be obtained by contacting Joseph Migliorini, Board Chairman, 175 South Main Street, Akron, Ohio 44308.

C. Medway Drug Enforcement Agency

The Medway Drug Enforcement Agency is an undercover investigative law enforcement agency whose objective is to remove illegal drugs from the community. The Agency is controlled by and is responsible to the Medway Council of Governments, which consists of two governing bodies: the General Assembly and the Governing Board. The General Assembly consists of a county commissioner, the City Manager of the City of Brunswick, and a representative of each township and village within the County. The Governing Board consists of the County Prosecutor and the County Sheriff, the Police Chief of the City of Brunswick, and one village chief of police chosen by a caucus of village chiefs of police. The degree of control exercised by the participating government is limited to its representation in the General Assembly and on the Board. The City of Brunswick contributed \$95,588 to Medway during 2008. The County Auditor and County Treasurer, respectively, serve as fiscal officer and custodian of funds for the Agency.

Note 21 - Subsequent Events

On February 25, 2009, the City sold 15.9609 acres of land held for resale for \$759,536 in cash plus a loan receivable of \$394,040 with 4 percent simple interest payable in various installments as the developer sells each parcel. If any remaining property parcels have not been sold by the developer as of February 25, 2013 then the remaining principle balance of the loans receivable plus all accrued interest will be due in full.

On April 1, 2009, the City issued \$2,030,000 in bond anticipation notes with a 2.75 percent interest rate. This note matures on October 1, 2009 and was issued to refinance previous notes in which the City issued \$2,230,000 for the reconstruction of the dam and the dredging and improving of Brunswick Lake.

On May 5, 2009, the City issued \$3,190,000 in bond anticipation notes with a 2.125 percent interest rate. This note matures October 1, 2009 and was issued to refinance the \$3,350,000 notes for the improvement of the storm water drainage system.

On May 5, 2009, the voters approved a .50 percent income tax increase for the purpose of maintaining staffing levels for the City's safety forces. In addition, Council increased the tax credit from .75 percent to 1.00 percent and passed a resolution changing the financial accounting presentation of the Division of Police from the general fund to the police special revenue fund. The income tax increase, the tax credit increase and the accounting presentation change for the Division of Police will all be effective beginning January 1, 2010.

Combining Statements and Individual Fund Schedules

Fund Descriptions – Nonmajor Governmental Funds

Nonmajor Special Revenue Funds

To account for revenues from specific sources which legally, or otherwise, are restricted to expenditures for specific purposes.

Court Computerization Fund To account for court fees and fines used to maintain and support the systems of the mayor's court.

Violence Against Women Act (VAWA) Grant Fund To account for federal grant monies which are used to develop and strengthen effective law enforcement and prosecution strategies to combat violent crimes against women, and to develop and strengthen victim services in cases involving domestic violence crimes against women.

Police Fund To account for income tax proceeds which pays a portion of police department salaries.

Drug Enforcement Fund To account for County shared revenues which help support Medway, a drug enforcement operation.

State Highway Fund Required by the Ohio Revised Code to account for State gasoline tax and motor vehicle registration fees designated for maintenance of State highways within the City.

Law Enforcement Fund To account for monies received from the sale or disposition of seized contraband. Expenditures from this fund are made for law enforcement purposes.

Brunswick Transit Alternative Fund To account for federal, state and local intergovernmental monies, user charges and income tax monies used for the development, implementation and operation of a bus transit system in the City.

Revolving Loan Fund To account for loans made by the City to local businesses and the subsequent repayment of these loans. In addition, a portion of these funds can be used for certain capital projects upon approval of the United States Department of Housing and Urban Development.

Cable TV Fund To account for cable franchise fees used for providing local programming.

Parks Fund To account for income tax monies used for the development, maintenance and operations of the City's parks.

Department of Justice Federal Grant Fund To account for new federal grants originated from the Department of Justice Fund.

Enforcement and Education Fund To account for fines imposed under Section 4511.99 (A) of the Ohio Revised Code. These monies are used to pay costs incurred in enforcing Section 4511.19 of the Ohio Revised Code, and to educate the public about the laws against and the dangers of operating a motor vehicle while under the influence of alcohol.

(continued)

Fund Descriptions – Nonmajor Governmental Funds (continued)

Community Recreation Center Fund To account for membership fees, program fees, sales and general fund subsidies used to operate the Rec-Center.

Federal Emergency Management Agency Grant Fund To account for Federal grant monies used to assist local governments in disaster assistance.

Nonmajor Debt Service Fund

The debt service funds are used to account for the accumulation of financial resources for, and the payment of, general long-term debt principal, interest, and related costs.

General Obligation Bond Retirement Fund To account for tax levies that are utilized for the repayment of general obligation bonds of the City.

Nonmajor Capital Projects Funds

Capital projects funds account for the acquisition, construction or improvement of capital facilities other than those financed by proprietary funds.

Community Development Block Grant Fund To account for federal grant monies used for various capital projects of the City.

Fire Station Improvement Fund To account for the improvement of the fire station financed by taxes.

Permanent Improvement Fund To account for monies used for the purpose of improving, constructing, maintaining, and purchasing those items necessary to enhance the operation of the city.

Traffic Control Equipment Fund To account for the purchase of traffic control equipment.

Park Development Fund To account for the acquisition and development of various City Parks and Public Square.

City Hall Expansion Fund To account for the expansion and improvement of City Hall.

Road Improvement Fund To account for transfers, debt proceeds and grant monies used for improvements to various City roads.

Fund Descriptions - Fiduciary Funds

Fiduciary funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. The following is the City's fiduciary fund type:

Agency Funds

These funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations.

Performance Bond Fund To account for monies posted for grade and engineer bonds. These monies are returned after final approval by the City.

Family Violence Fund To account for grant monies received for the Committee Against Family Violence. The City's role, as directed by the Committee, is limited to that of custodian of funds.

Recreational Programs Fund To account for purchases of supplies and equipment for local softball teams.

Flex Spending Fund To account for monies withheld from employees' paychecks for future child care and health services purchased by the employee.

Non-Residential Three Percent Fund To account for an assessment on fees for the inspection of nonresidential buildings which is collected on behalf of the State Board of Building Standards.

Residential One Percent Fund To account for an assessment on fees for the inspection of residential buildings which is collected on behalf of the State Board of Building Standards.

STATISTICAL SECTION

Statistical Section

This part of the City of Brunswick, Ohio's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City's overall financial health.

Contents	Pages(s)
<i>Financial Trends</i>	<i>S2 – S9</i>
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
<i>Revenue Capacity</i>	<i>S10 – S17</i>
These schedules contain information to help the reader assess the City's most significant local revenue, the property tax and the municipal income tax.	
<i>Debt Capacity</i>	<i>S18 – S22</i>
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
<i>Economic and Demographic Information</i>	<i>S23 – S24</i>
These schedules offer economic and demographic indicators to help the reader understand the environment within which the City's financial activities take place.	
<i>Operating Information</i>	<i>S25 – S27</i>
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year. The City implemented GASB Statement No. 34 in 2002; schedules presenting government-wide information include information beginning in that year.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property was assessed in previous years at 25 percent for machinery and equipment and 23 percent for inventories. General business tangible personal property tax is being phased out beginning in 2006. For collection year 2007 both types of general business tangible personal property were assessed at 12.5 percent. The percentage will be 6.25 percent for 2008 and zero for 2009.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10%, 2 1/2% and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10% rollback for commercial/industrial property has been eliminated.

Note: The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.

The City's basic property tax rate may be increased only by a majority vote of the City's residents.

The real property tax rates for the voted levies of the overlapping taxing districts are reduced so that inflationary increases in value do not generate additional revenue.

Overlapping rates are those of local and county governments that apply to property owners within the City.
